In Bay City, Mich., employees in manufacturing made an average of \$359 each in 1890, and \$333 in 1890. This meant an increase in the amount distributed in that community as wages from \$80,488 in the former to \$1,497,444 in the latter year. There was not a resident of Bay City who did not share in the resultant benefits. —*New York Press.*

American control of Hawaii does not mean the acquisition of more territory, but the better protection of that which we already possess.

The new ironclad ram *Katahdin*, which was launched recently, isn't handsome, but she promises to develop a great deal of valuable executive ability in case of need.

Before he declined the place in the Cleveland Cabinet Governor Boies should have bethought himself of the wise old saw about the comparative value of birds in the hand and in the bush.

Mr. Cleveland is said to be irritated because Senator Hill has taken the lead in the movement for the repeal of the Silver Purchase act. Is it possible that the President-elect is susceptible to jealousy?

No Democratic journal of representative character nor any Democratic leader of respectable influence has so far attempted to defend or justify the Tammany Quarantine bill that passed the House.

Mr. Cleveland says that he proposes to select the members of his Cabinet solely on the ground of fitness, even if he has to take them all from the same state. At the present time that state is Uncertainty.

Mr. Cleveland may be set in his ways, but there are many moons was and wane he will discover that the United States is a pretty big country for one man to run. Things have changed since Andrew Jackson died.

The threats of retaliation which Cleveland men make against the Philadelphians of the Democratic party are an indication that Civil Service reform will take to the woods during the incoming administration.

Of course the American Tories agree with the British Tories that the United States should never be allowed to raise the American flag over Hawaii. The opposition of these two classes of anti-Americans constitutes a mighty argument for Hawaiian annexation.

Correspondents of *The Toronto Globe* who have been investigating the condition of farmers in the counties of New York state bordering on Lake Ontario report that though New York farmers live more extravagantly than Ontario farmers do, and raise smaller crops they make more money, owing to the fact that they get higher prices than Ontario farmers do for what they raise.

The late ex-President Hayes never carried a watch. Early in his legal career he defended a poor criminal for watch stealing, and the circumstances of the theft made the lawyer think it a temptation to thieves for a man to carry a valuable timepiece. So he got along without one as best he could. The ex-President should have done like Clark Montgomery, who, when he went to Cleveland's inauguration carried a cheap Waterbury, so that if it was stolen the loss would be small. After jostling in a crowd one day Clark left for his watch. It was gone, and he congratulated himself on his wisdom.

An hour later he ran his hand into his overcoat pocket, when, lo, behold! he found his watch. The thief had been disgusted and dropped the Waterbury back into the owner's pocket.

**The Tragedy of a Dance-Hall—How Big Dick Plunkett Was Brought to His Sister Seven One Night—An Episode in the Last Days of Bob Ford.**

There was high carnival going on in the dance-hall that Sunday night, for Dick Plunkett, rich, gay, money-spending, whisky-drinking, wild—just like every boy.

He was condescendingly gracious to every chap who was able to "dig out a dollar," and treat the dispeasant, fatigued, and weary who earned a meager living, and who had to pay his bill ten-cented to the bartender at the "Hooley Moon."

With him came a crowd of "up and up" fellows out for sport and who knew how to let the world know it, for Dick, as well as most of them, had strayed into a life of dissipation and debauchery.

Everybody agreed that "Big Dick" was an enterprising, good-looking fellow, physically strong, with a cheery laugh and a frank, open manner.

AS COMPARED with other great commercial Nations, this country has no reason for discouragement in regard to the quantity of gold it holds.

On the four continents, the United States, the United Kingdom, France and Germany, France stands at the head of the list with a gold stock of \$400,000,000; the United States comes next, with \$264,000,000, while Germany has \$80,000,000 in gold and the United Kingdom \$50,000,000, the least amount of the four.

Notwithstanding all the talk about our loss of gold the fact remains that the amount of gold in the country is, on the whole, increasing. The stock of silver in the country is valued at \$575,000,000, which is \$70,000,000 less than the gold stock. France successfully maintains the gold standard while carrying a silver stock of \$34,000,000. Assuredly these figures do not indicate any immediate danger of a fall to the silver basis.

AMERICAN newspapers are already discussing the erection of a fitting monument to JAMES G. BLAINE. It is within the power of the United States Government to honor the memory of the great champion of American rights in a signal manner.

Mr. BLAINE was one of the first American statesmen to appreciate the grandeur of the future that is before the United States. He saw that this Nation was destined to become the supreme power of the Western Hemisphere, the leader and protector of the weaker American Republics, the arbiter of peace and war on both continents.

He labored incessantly to liberate the countries of Latin America from their industrial dependence on Europe and to bind them to the United States by the firm ties of commerce and good will. His constant aim as Secretary of State was to secure to this country the commanding advantages in the New World to which it is entitled by its position, its resources and its civilization.

American dominion in the Pacific is indispensable in this magnificent scheme of peaceful empire. Hawaii was an important factor in Mr. BLAINE's plans.

In a memorable state paper he declared that it was "inevitably identified"

with the American system of commerce.

and government, and announced the purpose of this country to draw closer the bonds "which imperatively unite us to the great body of American commonwealths." He knew that Hawaii was for America, the gateway to the Orient; that its domination by this government would insure the development of a great Pacific commerce, enhance the value of the Nicaragua Canal and give the United States an immense increase of power and prestige throughout all America. While in office he left nothing undone to promote the Americanization of this rich maritime stronghold, in anticipation of the time when "an unavoidable American solution" of the question of Hawaiian control should demand the attention of the Government at Washington.

The policy of WILLIAM H. SEWARD dictated the acquisition of Alaska. The policy by which JAMES G. BLAINE derailed the last years of his life demands the acquisition of Hawaii. The people of this invaluable archipelago ask the protection of our flag. The key of the North Pacific should pass under the Stars and Stripes. Alaska is the monument of SEWARD. Let Hawaii be the monument of BLAINE.

SEATS are now on sale at Nelson's for the great dialect comedian, J. E. Toole, at Opera house Saturday night, February 11th.

A new bill has been presented in the House of the General Assembly at Frankfort to prohibit the employment of minors at railroads.

HUNTERSON's great increase in population has begun to show on the capacity of the school buildings of that city, and the Board of Education is now considering the matter of letting the contracts for several new and improved buildings.

How it Became Popular.

When people find an article much superior to anything of the kind they have ever before used, they are almost sure to tell their friends about it, and often, if they know some friends who need such an article, dealers also soon learn the true value of their goods, and when they have an article of unusual merit, they will often immediately increase the fact to their customers. This accounts in great measure for the large sale on Chamberlain's Cough Remedy. Here is an instance: W. L. Needham, a prominent citizen and business man of Oneida, Mo., had a severe Chamberlain's Cough Remedy for several months, and recommends it to his customers, because in his experience it has proven to be the best for colds, cough and whooping-cough. He says it is the most popular medicine that he handles, and gives the best satisfaction. This certainly holds for Power & Reynolds, druggists.

These instruments have enjoyed a high reputation for more than forty years. The Emerson Piano Company is the oldest and most successful manufacturer of pianos in America. Their music—the tone having that rare sympathetic quality which blends with the instrument.

They are durable, being constructed of the most skillful workmen. They have earned a high reputation for being true in tone, and accurate for retaining in a most remarkable degree the pitch of the notes. They never growing thin or wavy with age, nor becoming out of tune with age, have received several first premiums during the past few years. The Emerson piano will invariably attain high rank wherever exhibited. Prices Moderate.

## STARVATION.

The Condition of People in Northern Louisiana.

Thousands of People on the Verge of Starving.

**Underwater**—The Floods Last Spring Destroyed the Crops—New Orleans Board of Trade Gives \$2,000.

**Maurice Town,** Feb. 8.—Your thoughts and people in Ontario and Quebec parishes in the northern portion of Louisiana are on the verge of starvation. Information received from that section Tuesday shows that the people are in a pitiful plight and unless relief is sent at once they must perish. The floods of last summer destroyed their crops and the water remained on the earth so long that it was not possible to plant cotton or anything else beyond some quick-growing vegetables.

The people have up bravely as long as possible without appealing to the outside world for assistance. Hundreds moved away, but thousands were unable to leave. Those remaining have subsisted during the winter on whatever game they could find and dried fish. They have nothing to keep body and soul together. The presidents of the different exchanges in Memphis, Vicksburg and New Orleans have called meetings of their organizations to raise funds for the sufferers. The New Orleans board of trade heads the list with \$2,000.

### CHARGES OF BRIBERY.

Serious State of Affairs Alleged to Prevail in the Wyoming Legislature.

**CYRUS W. ALLEN,** Feb. 8.—A committee was appointed yesterday to investigate the house charges that criminal attempts had been made to prevent the members of the senate from participating in the joint ballot. Another session was to open when Mr. Holliday offered a resolution that the house charges were unfounded. It does not surprise me—that nothing that the Yankees would do would surprise me now."

### CANADIAN CATTLE SHUT OUT.

The Trade Minister, Garrison, Ordered to Present His Grievances Based on Action of England.

**OTTAWA,** Ont., Feb. 8.—The announcement from Washington that Canadian cattle are to be excluded by the United States can hardly be expected among the government's followers, who now begin to realize that President Harrison's threats against Canada are not all assertions, and that the outgoing president is determined to retain his up-to-the-moment policy. The majority of the politicians agree that the blow which has now fallen upon Canada is second only in its disastrous effects to the McKinley bill, for the Washington proposal is based on the step already placed the Canadian in a position of most serious disadvantage.

The minister of agriculture, Mr. Angier, had not seen the dispatch until it was read to him, and it was not for a moment clear to him what the bill's full purpose. When the paragraph giving the ground for the action as "the scheduling of Canadian cattle in Great Britain, because pleuro-pneumonia existed in Canada," was read, the minister exclaiming, "What! Me?"

Why, there is not a cargo of American cattle shipped to the other side which has not one or more cases of disease on the vessel."

Upon the final paragraph, establishing the ninety days' quarantine at Buffalo being read, Mr. Angier said, "That is absurd, but it does not surprise me—notthing that the Yankees would do would surprise me now."

### THE NATIONAL MILITIA.

**Secretary Elihu Root** says that the rank and file numbers 318,496 men.

**WASHINGTON,** Feb. 8.—The secretary of war Tuesday sent the senate an abstract of the strength of the militia of the country, showing that the total militia strength is 115,496. There are 88 regiments, 1,119 general staff officers, 1,068 regimental, field and staff officers, 1,058 companies, 16,850 non-commissioned officers, 4,185 musicians and 77,272 privates.

The militia of the Ohio militia, including officers and men of every arm, is 4,632. There are 16 general staff officers, 98 regimental, field and staff officers, 79 companies, 1,158 non-commissioned officers, 400 musicians and 3,893 privates.

There are 2,654 officers and men in the Indiana militia, divided into a general staff of 78 officers, 49 regiments, field and staff officers, 148 companies, 455 non-commissioned officers, 147 musicians and 2,206 privates.

The aggregate of the Kentucky militia is 1,350 men, consisting of a general staff of 16, 25 regimental, field and staff officers, 73 companies, 229 non-commissioned officers, 84 musicians and 925 privates.

The New Zealand A. Fleet.

**BOSTON,** Feb. 8.—Water was thirty feet deep in the principal streets of the city Tuesday night, and in the suburbs covered buildings sixty feet high. Five hundred houses have been demolished. Hundreds of families have lost their homes and have left their boats to seek shelter on higher ground. All gas and water pipes have been destroyed, and the city is in darkness. The governor came to the city in a boat. He says that all towns between Braintree and Ipswich are submerged. This is the greatest disaster in the history of the colony.

### DEMOCRATIC.

Such the Senate Will Be. Made by Cambell, with Allen and Martin.

**WASHINGTON,** Feb. 8.—Representative Bryan of Nebraska, speaking Tuesday regarding the election of W. V. Allen as a senator from Nebraska, to succeed Senator Lincoln, said: "Allen will not sit with us in the senate on organization and the tariff, but will not enter the democratic caucus."

Judge Allen was recently elected judge of a district by a combination of democrats and populists and has been elected senator by votes from those two parties in a legislature organized by the same combination.

If this prediction regarding Judge Allen's action proves true, and Judge Martin, who is from Kentucky, undoubtedly will be, the senate will be democratic after the fourth of March, without regard to the possible action of the legislatures of North Dakota, Wyoming and Montana.

**Postal Cards by the Millions.**

**CINCINNATI,** Feb. 8.—The postal supply agency, in the office which is to supply the 15 post offices in the states, has commenced operations in the basement of the custom house. Two carloads have been received and are now stored in that barrel and bolted room, and the postal supply will be increased. It is proposed to keep from \$30,000 to \$50,000 worth of cards on hand at all the time. The carload first received is worth \$48,000, having 4,600,000 cards. Another batch of 4,000,000 cards arrived Monday.

To Continue Work on the Canal.

**PANAMA,** Feb. 8.—The executive committee appointed at the meeting of Panama canal stockholders on January 18 has issued a statement that the minister of finance and the official receiver have agreed to pay the company for work on the canal without applying for an extension of the concession from Colombia. The committee takes the ground that De Leas' original six-year concession is insufficient.

**BIG TEE AND COFFEE.**

**BOSTON,** Feb. 8.—Mr. Culberson, of Texas, introduced in the house Tuesday a bill to repeal the Sherman silver law of 1890. It also provides for the restoration of that part of an act "to authorize coinage of the standard silver dollar and to regulate its legal tender character" as was recommended by the Sherman act. The bill further provides for coinage into standard silver dollars as far as practicable all uncollected bullion in the treasury.

**Another University Trustee.**

**COLUMBUS,** O., Feb. 8.—Gov. McKinley Tuesday appointed ex-Senator George M. Mason to a term of the Ohio State university. The appointment was confirmed by the senate at once.

**A Popular Senator.**

**LINCOLN,** Neb., Feb. 8.—Judge W. H. Angier, who was elected United States senator Tuesday morning, received seven votes, four all uncollected bullion in the treasury.

**No Cigarettes—Penalty.**

**HARRISBURG,** Pa., Feb. 8.—The house Tuesday, by a vote of 103 to 18, passed the bill to prohibit the manufacture and sale of cigarettes within the commonwealth. The bill now goes to the senate Tuesday morning and was immediately confirmed.

**The Lake Huron's Salvage.**

**DETROIT,** Feb. 8.—The North German Lloyd Co. have decided to give up the ownership of the steamer Lake Huron, which plucked up the record of 200 miles per hour, instead of 190, the amount at first contemplated.

**Marine Band Will Play.**

**WASHINGTON,** Feb. 8.—The committee having charge of the inauguration arrangements has awarded the contract for the band to the Marine band and promenade concert to the United States Marine band, of this city.

## IN HAPPY MOOD.

The Hawaiian Commissioners See Secretary Foster.

The Interview Gave the Sandwich People Much Gratification.

**New Orleans**—That the United States brought them out of Havannah and Are Their Natural Guards—Missister Stevens' Report Awaited.

**WASHINGTON,** Feb. 8.—The Hawaiian commissioners are in an extremely happy mood when they are in the state tomorrow Monday forenoon. They had heard the United States government's side of the annexation proposition, and, as one of the commissioners remarked, "We are all right." The Hawaiians are all right, the case is all right, and most encouraging."

The commission, which includes Dr. Mott Smith, the Hawaiian minister, and Mr. Kinney, their legal adviser, and State Secretary Foster and Solicey, has been preparing the case in the diplomatic room promptly at 10 o'clock.

### CHURCH AND STATE.

The Trial of Mrs. Anna Stotesbury Ordered at Franklin.

NYC, NEW YORK, Feb. 8.—Mrg. Satoll, apostolic delegate, has been asked to give his views as the representative of the church on the proposed amendment to the constitution advanced by the National League for the protection of American institutions.

The objects of the league are to secure constitutional legal safeguards for the protection of American institutions and other American institutions, and to prevent all sectarian or denominational appropriations of public funds.

As a step to this end, the league proposes to secure the passage of the following amendment to the constitution of the United States, which is before the judiciary committee:

"No state shall have the power to establish any establishment of religion, or prohibiting the free exercise thereof, or use its property or credit, or any money raised by taxation, or otherwise, for the support of any religious society, or any institution, society or corporation, ecclesiastical or civil."

The proposed amendment has been introduced by Baptists, Methodists, Presbyterians, Episcopalians, Congregationalists and others.

Chamberlain, receiver of the court, has received assurances that Mr. Satoll is giving the matter careful consideration.

ORANGEBURG.

Robert G. Bullock is very busy stripping out his crop of tobacco.

Mr. Lykins of Toluoboro has bought a few crops of tobacco around here.

Sam Lykins and wife of Toluoboro spend Sunday with their Uncle Henry Deavengurt or thereabouts.

Walker Bullock's little son that Drs. Ford and Browning operated on one day last week we are sorry to say is no better.

Henry Deavengurt buried his potatoes last fall and he never examined them until a few days ago, but some person had been ahead of him and had taken the last of them.

*How to Save Doctor Bills.*

Chicago Daily Column—Many a doctor's bill has been saved by the use of Chamberlain's Copper Sulphate. A household word in many parts of the country. Chamberlain's medicine has an extensive record in the World's Fair city, and many people testify to the merits of their different remedies. For sale by Power & Reynolds, druggists.

SARDIS.

Mrs. Joe J. Jones is very sick.  
H. F. Boulton is visiting relatives at Millersburg.

N. S. Sult and Elsie Payne left Monday for St. Louis, Mo.

Miss Anna Louch, who has been very sick for some time, is improving.

Beth G. N. July presented an eloquent sermon on "Baptism" Sunday morning.

George W. Dye and James Dillon are in the Queen City this week looking after their bacon interests.

W. R. Wells has purchased a building lot of J. T. Clark on Pershing Avenue and will erect a house thereon.

Professor C. C. Clark will preach here in the Christian Church Wednesday evening. He will also give two entertainments, Thursday and Friday evenings, February 8th and 9th. Admissions 25 cents.

Hinman-Kentucky.

From Danville, Ill., Mrs. H. J. Nabors writes: I have been using your remedy for scrofula with great success. I have had a case almost one month sold two boxes Dr. Hinman's Ointment healed it entirely.

Foxworth Hill, Ky., Mrs. M. S. Matney writes May 12th, 1892:

My daughter has been afflicted with erysipelas in her eye for about three months. It is past 12 years and cans still be seen. It costs no more to get the best. This is the best ointment in the world for general use. Get a box of Power & Reynolds' druggists.

The Ashland Fire Department, having lost its pull on the City Council, threatens to resign in a body unless the Council gives it what it wants.

Tobacco Cures Smallpox.

When tobacco butts burrow there, their wives never do. A small shaved neck will stop erysipelas in a month. A good physician tells the story. If your husband uses tobacco and you want him to quit, post yourself about No-to-hab, the wonderful, harmless, guaranteed tobacco-cut cure, by far superior to our little old fashioned "cure-all," "spit and Smoke Your Life Away," mailed free. Drug stores generally sell No-to-hab.

The SPEECHLESS REMEDY CO., Indiana Mineral Springs, Indiana.

A MEASURE was introduced by Representative Peck in the House at Frankfort "to prevent the sale, loan or wearing of hoop-knickers in this Commonwealth." It was referred by the Speaker to the Committee on Religion and Morals.

THE SPEECHLESS REMEDY CO., Indiana Mineral Springs, Indiana.

Williams' Indian Pipe Ointment will cure blisters, bleeding and itching piles when all other ointments have failed. Hon. Judge W. P. Coons, Mayville, Ky., says: "I have suffered for years with piles, but, until now, have had no relief. I have used Dr. Hinman's Indian Pipe Ointment and been cured, while every other remedy has failed." Every box is warranted. Sold by druggists, or sent by mail on receipt of price, net \$1.00 per box. WILLIAMS' MFG. CO., Prop., Cleveland, Ohio.

For sale by J. C. Peeler, wholesale and retail druggist.
